/Welcome to VipWing

Munich Airport has enjoyed a great reputation amongst air passengers from all over the world for many years. International passenger surveys conducted regularly by the London-based Skytrax Institute recently rated Munich Airport as Europe's best airport for the seventh time whilst in the global rankings Munich Airport achieved an excellent third place. Our VipWing also contributed to this outstanding result, making time spent in the Munich Airport lounge an unforgettable experience.

On an area of 1,700 square metres, the VipWing Terminal combines absolute functionality with timeless elegance. This lounge landscape flooded with light provides guests with tailor-made solutions to meet their individual requirements. Comfortable suites are available in which visitors can relax and work as the mood takes them. Culinary delights are served in the inviting buffet and bar area. It has its own beer garden which also offers a range of Bavarian specialities. Getting to and from the aircraft is as comfortable as it is convenient for passengers: all guests are chauffeured between VipWing and aircraft in luxurious limousines.

The pleasant and modern rooms of our VipWing Terminal subtly combine exclusivity and a cosmopolitan air with Bavarian local colour. The aspiration of Munich Airport to be a representative gateway to Bavaria for guests from all corners of the world is convincingly underlined in the VipWing. We would be delighted to welcome and pamper you in our VipWing the next time you stay at Munich Airport.

Individual access, personal VIP assistant

Arrival made easy

A very pleasant aspect of the VipWing experience is the separate landside access. Without sparing a moment's thought for where to park, just pull in and get out. Fully protected from the elements, you'll enter the spacious entrance area of VipWing just a few steps away.

Personal service

That's what sets VipWing apart from many VIP lounges around the world: You'll be met by your personal VIP assistant as soon as you pull up to the curb. He - or she - speaks several languages and will provide discrete and efficient assistance to meet your every need until your flight departs.

Screening, shuttle

Exclusive in every sense

Check-in formalities, baggage, passport control, and even customs, including VAT refunds: it's all handled quickly for you right inside VipWing. Security screening is also handled simply and discretely in a separate area.

Bar, buffet, dining

Fresh and delectable

Over the course of the day, the buffet offerings range from a tasty breakfast or seasonal Bavarian delicacies to international snacks and fine cakes and pastries. At the centrally located bar, the team of baristas are waiting to prepare popular coffee concoctions and also offer a selection of aromatic teas and selected regional and international wines. Rounding off the bar menu are world-famous Bavarian beers and an extensive list of cocktails.

Tradition and smoking

Under Bavarian skies

Enjoy your stay with a visit to our relaxed beer garden to enjoy fresh beer on tap and tasty regional cuisine while taking in the panorama of the Bavarian Alps in the distance.

Exquisite enjoyment

For guests with a passion for tobacco, an elegant smoking suite is situated at the heart of the VipWing lounge facility. They'll find a selection of exquisite cognacs as well as a humidor stocked with choice cigars.

Lounges

Fully relaxed

Settle into the spacious rooms of VipWing for some restful downtime. The comfortable lounges, each with individual decor, are an inviting spot to while away your waiting time, enjoying the unique objets d'art and designer furnishings or taking in a spectacular view of the airport scenery.
