Parking with a QR code

Payment machines

The payment machines accept all common forms of payment: coins, notes, credit cards (American Express, Eurocard, Visa and Diners Club) and German EC cards. The ticket is your receipt. It is returned after the exit barrier opens.

Parking office

The parking office in the Munich Airport Center is staffed around the clock. You can speak to the staff directly from the payment machines and at the entrance or exit barriers.

Disabled parking spaces

All parking facilities have spaces for persons with mobility restrictions with an official disability ID card bearing the code »aG«, »Bl« or »H« or comparable IDs from other EU countries. These persons will also receive a 50% discount at the parking office on the lowest applicable rate in the facility where they park.

Baggage trolleys

Baggage trolleys are available on all parking levels. Charge: €1.00

Height limit

Please note the vehicle height limit of 2.00 meters in all parking garages. Parking for taller vehicles is available in the P41 vacation parking area.
