## Aircraft / Luggage Handler (f/m/d)

AeroGround Flughafen München GmbH is a wholly owned affiliate of Flughafen München GmbH and is the market leader in ground handling services at Munich Airport. Our approximately 2,000 employees are responsible for ensuring that aircraft handling runs smoothly. Where we work, no day is like another. And this is exactly why we think that Munich Airport is the best and most exciting place to work in the world.

Staff in aircraft and luggage handling get to see the airport firsthand every day. They work right out on the apron, in amongst aircraft, luggage trolleys and ground-handling equipment.

Day by day, they make sure that the planes can take off on time and that passengers can collect their luggage punctually. This calls for teamwork, because at peak times Munich Airport moves more than 50,000 suitcases and bags in a single day.

So join our team and become a part of our unique airport family!
