A photograph of a modern architectural entrance at dusk. A covered walkway with a metallic ceiling and angled support columns leads towards a brightly lit glass entrance. The ground is paved with light-colored tiles, and there are patches of green grass on either side. On the left, a metallic wall features the 'VipWing' logo. On the right, there are large, white, curved sculptural elements. The sky is a deep blue, and the overall atmosphere is warm and inviting.

### Personal service

That's what sets VipWing apart from many VIP lounges around the world: You'll be met by your personal VIP assistant as soon as you pull up to the curb. He – or she – speaks several languages and will provide discrete and efficient assistance to meet your every need until your flight departs.

## Screening, shuttle

### Exclusive in every sense

Check-in formalities, baggage, passport control, and even customs, including VAT refunds: it's all handled quickly for you right inside VipWing. Security screening is also handled simply and discretely in a separate area. A special highlight is the exclusive VIP shuttle to and from your flight.

## Bar, buffet, dining

### Fresh and delectable

Over the course of the day, the buffet offerings range from a tasty breakfast or seasonal Bavarian delicacies to international dishes and fine cakes and pastries. At the centrally located bar, the team of baristas are waiting to prepare popular coffee concoctions and also offer a selection of aromatic teas and selected regional and international wines. Rounding off the bar menu are world-famous Bavarian beers and an extensive list of cocktails.

## Traditional and classy
